

Specification

Code-Nr.: C65 / 60603029

Photos**Electrical properties**

Frequency	0 – 2500 MHz
Impedance	Nom. 50 Ohm

Mechanical properties

Colour	Black
Dimensions	33 mm x 43 mm
Hight above roof	Max. 30 mm (dep. On wall thickness)
Mount Type	Coaxial ground-free roof mount for non-conductive surface As e.g. glass-fibre roofs and plastic cases etc. Fits all standard ½ Antenna Types from portable programme (Not suitable for ¼ types unless groundplane is being provided) !
Mounting-hole	13 mm (mounting from inside)
Material	ABS, POM, PE and Brass
Build-in Depth	12 mm
Cable	HF 50 fixed cable without connector
Connection to Antenna Whip	FME male

C65 / 60603029 REV. 01
